

Attestation: A Tutorial for NPDB Reporters

State licensing boards, which license or certify health care practitioners, are required by law to report actions to the NPDB. These actions must be reported within 30 days of the date the action was taken. To ensure that all state licensing boards report to the NPDB as required by federal law, the Division of Practitioner Data Bank (DPDB) reviews adverse licensure and certification actions submitted to the NPDB from each of the 50 states and territories for the most frequently queried professions (i.e., physicians, dentists, advance practice nurses, physician assistants, nurses, and social workers), and a random sample of all remaining professions. Other professions may be reviewed at any time at HRSA's discretion.

The attestation process is part of a new, expanded NPDB registration renewal process. As part of the registration renewal process, all state licensing and certification boards will:

- Review, verify, and update their roster of regulated professions;
- Attest/certify their compliance with federal Data Bank reporting requirements; and
- Review and update agency information.

The attestation process occurs at each NPDB registration renewal (currently every two years). The selections made during the attestation process will be posted publicly to the NPDB website. Based on the board's selections, professions will be listed as "Attested", "Could Not Attest", or "Failed to Attest."

This tutorial will guide users through the steps involved in completing the attestation process, and will help ensure that all state licensing boards report to the NPDB as required by law.

1. Concluding Entity Registration Renewal - Attestation

This tutorial will show both the registration renewal option and the *Compliance* page option. Upon completion of the renewal submission, you will see the *Final Steps* screen. Select **Continue to Attestation** to begin the attestation process.

FINAL STEPS

Thank you for submitting this entity registration renewal. These changes have been saved to the Data Bank and are in effect immediately. No further action is required at this time.

[Continue to Attestation](#)

[Contact Us](#) [Return to Registration Confirmation](#)

2. Continue to *Attestation*

This will take you to the *Attestation* page. On this page, you will see the purpose of the attestation. What you will need to know before you get started is:

- All professions you are responsible for reporting
- All the actions you have reported during the time frame
- All the actions remaining to report

Here you can choose to select the **Yes, I'm Ready To Start Now** button or the **No, I Will Complete This Later** button. The latter option will exit the workflow and allow you to return to the attestation process in the future through the *Compliance Options* screen.

Select the **I'm Ready To Start** button, then **Continue**.

ATTESTATION

An Attestation allows the Data Bank to monitor, manage and collaboratively work with organizations on reporting compliance with the federal Data Bank reporting requirements. When organizations submit an Attestation, they agree to work with the Data Bank to achieve reporting compliance by submitting all reportable actions in a timely manner and ensure future reporting within 30 days of actions taken by the organization. Attestation results are posted to the Data Bank's public website.

The Attestation process has two parts. The first part involves Profession Verification, and requests all agencies to review, verify, and update the list of professions they currently regulate. The second part of the process involves certification, and allows agencies to attest to their reporting compliance with federal reporting requirements.

Attestations were initially begun only for professions having lower query and report volumes in the Data Bank. The process has expanded to include **all** professions.

When agencies renew their Data Bank registration every two years, they are initially presented with a list of professions they regulate and report on. Agencies verify and update the list of professions as needed.

Next, agencies certify that they have submitted all required reports and are maintaining reporting compliance for the health care entities, providers, suppliers and practitioners they regulate. The attestation process is part of the registration renewal process which occurs on a two year cycle.

Note: Failure to complete this Attestation could result in your organization being listed as "Failed to Attest" on the Data Bank's public website. This will imply that your organization has not complied with federal reporting requirements.

Before you get started, note that you will be answering questions related to the following:

- All professions for which you are responsible for submitting reports to the Data Bank.
- The professions for which your organization took action against a practitioner.
- Actions reported and remaining to be reported to the Data Bank for the time frame of: January 1, 2010 to May 1, 2015
- A tutorial and fact sheet are available here - [Attestation fact sheet & tutorial](#)

Your attestation is due by June 30, 2015. Are you ready to start?

☐ Yes, I'm ready to start now ☐ No, I will complete this later

[Continue](#)

3. Select Professions Page

In this example, this entity's *Select Professions* page shows a pre-populated list of all the professions that have either already been reported on, or were otherwise identified. Each profession shows how many actions were reported during the attestation date range.

For each profession, you must select "Yes" if your organization regulates and reports on that profession or "No" if your organization does not.

Attest and Certify

Confirmation

Your board's reporting activity from January 1, 2010 to May 1, 2015 is listed below. Please review and make a selection for an attestation statement for each profession. Return to [Select Professions](#) if this list is not complete.

After you certify your attestation statements, your responses will be posted to the [Compliance Status](#) pages on the Data Bank's public website. You can change your attestation statements at any time.

Select an Attestation Statement for each profession for reported actions from January 1, 2010 to May 1, 2015

I attest:

- The number of reports submitted for the profession fulfills the required reporting for my organization
- For professions with no reports submitted there were no reportable actions
- My organization will continue to submit all reportable licensure actions within 30 days of the date the action was taken

I cannot attest:

- I am unable to attest that the reports submitted fulfill the required reporting for my organization.

Note: For all professions with the selected Attestation Statement "I cannot attest" you must add comments as to the reason you cannot attest.

Profession	Reports Submitted 01/01/2010 to 05/01/2015	Attestation Statement	Comments
Physician			
Physician (MD)	111 reports	<input type="radio"/> I attest <input type="radio"/> I cannot attest	<div>Add Comments</div> <div></div>

At this time, if you are not sure of your attestation responses, you may save your progress and return to this page later by clicking the "Save and Certify Later" button at the bottom of the page.

Attestations must be submitted by the due date; if they are not, your attestable professions will be posted to the public website as "Failed to Attest."

For the purpose of this demonstration, let's select **Save and Certify Later**.

Physician Resident (MD)	3 reports	<input type="radio"/> I attest <input type="radio"/> I cannot attest	Add Comments <input type="text"/> <input type="text"/> <input type="text"/>
Osteopathic Physician (DO)	16 reports	<input type="radio"/> I attest <input type="radio"/> I cannot attest	Add Comments <input type="text"/> <input type="text"/> <input type="text"/>

Compliance
Reporting Compliance Status by State

Click on a state below to see that state's data. You may also choose to view the [reporting compliance status by profession](#).

You may select any of the 50 states and U.S. Territories. (For the purposes of this demonstration, "Virginia" is selected.)

To look up the attestation status on the reporting *Compliance Status* page, select the **Reporting Compliance Status** tab.

We can see here that due to the attestation selections made on the attestation form, the highlighted rows have been added or updated under the "Profession" column. We can see the "Current Status" was set to "Could Not Attest" for "Physician Assistant" because in this example the answer was "I cannot attest" that the reporting requirements had been fulfilled during the attestation review period. The "Current Status" was set to "Attested" for "Osteopathic Physician (DO)", "Physician (MD)", and "Physician Intern/Resident" because the answer for these professions was "I attest" to fulfilling the reporting requirements during the attestation review period.

The table also shows the date they were "First Reviewed", and the date they were "Last Reviewed."

Attestations not submitted by the due date will have the status "Failed to Attest" until the attestation form is completed. The "Current Status" and "Last Reviewed" dates may be updated at any time by returning to the attestation form found on the *Compliance* page of your Data Bank user account. The changes made to attestations are updated once they are reviewed and approved by the Data Bank.

Notes:
Data displayed includes only the states/professions reviewed by HRSA.
Please note that not all states regulate every profession.

If you have questions about or need help with the Attestation process, please contact your assigned Compliance Officer. If you do not have a Compliance Officer, please call the Data Bank Customer Service Center at 1-800-767-6732. The Customer Service Center is available from 8:30 a.m. to 6:00 p.m. ET (5:30 p.m. ET on Fridays) every weekday except Federal holidays.
